

Statement of purpose for St David's House and Queen's Cottages

Statement of Purpose

St. David's House and Queen's Cottages is an Extra Care Housing Scheme. We offer personalised care and support to older people from age 60 years who have health or housing needs. We enable independent living in the security and privacy of a tenant's own home, with the peace of mind that goes with having 24-hour care and support available on site.

We provide a quality, flexible service in a safe environment which reflects core values including equality, respect, and dignity and promoting independence. We aim to achieve this by working in partnership with tenants, their relatives and carers, health and social care services, other Council Services and the local community.

Aims and objectives

- To enable tenants to stay in their own home for as long as possible.
- To offer an environment that enables tenants to remain independent and in control of their life.
- To support tenants to identify and provide the personalised care and support that is required.
- To ensure a high quality of service in all that we do.
- To provide a stimulating environment, which meets personal life choices.

The Manager is Liz Griffiths and is registered in accordance with the Care Quality Commission.
