Notes of the Meeting

<p>8.</p>	<p><b><u>LOOK AHEAD</u></b></p> <p>Peter updated the Board on the UK Shared Prosperity Fund and advised that we were waiting for final list to go through of approved projects for 22/23 and 24/25 with funding of £2.5m. This was massively over subscribed - £4m of projects were put forward. Georgina currently looking at the list and then to be approved.</p> <p>Leigh asked for feedback on recent meeting. Julia stated that the information was well <u>presented</u> and conversations held about some projects being scaled down. Georgina to come back with a definitive list.</p> <p>Peter Sugg reiterated Julia's comments and stated it was a strong robust process.</p> <p>Muj stated there were a lot of viable projects proposed and having spoken to Georgina, addressing questions raised and awaiting to finalise reports. It was commented that year 3 was quite heavily overspent.</p> <p>It was agreed that congratulations to go to Georgina on what was a massive amount of work.</p> <p>Ruth advised because of time scales for year 1 spend, it would need agreement by email rather than at the next meeting. Peter agreed and email to be expected from Georgina that needed turning round quite quickly.</p>	<p><b>Georgina</b></p>
